

Water Procurement

Make sure you're getting
the best price with
customer service to match.

When it comes to water procurement, it can be timely and challenging assessing supplier options, service disparities, quotes and payment terms with so many products and providers to choose from.

How can you be sure you're getting the best for your organisation or that your supplier will respond quickly when something doesn't go to plan?

We can help.

Our Water Procurement service allows you to take back control of your water and waste services. You'll enjoy concise, independent insights to make sound decisions to manage costs more efficiently and resolve issues quickly.

We'll carry out a detailed assessment of pre-approved commercial water suppliers best suited to your needs. The analysis will be presented back to you with our recommendation, to ensure you are not paying more than you ought to for commercial water and waste services.

We can also include Bill Validation and a thorough evaluation of your usage and consumption benchmarking. If you want to look for further efficiencies, we'll carry out a detailed water audit to pinpoint potential leaks and system issues, as well as identifying efficiency measures to put more back into your budget.

Count on trusted suppliers

After a lengthy assessment of all commercial water suppliers, we have hand-picked only those with clear, easy-to-understand billing and excellent support. Our Water Procurement service allows you to benefit from our commitment to exceptional customer service. It includes Bill Validation, where we check every element of your monthly water bill before approving it for payment.

 Key features
